MAY BE BODY OF LEON LING

Corpse of a Chinaman Found in the Hudson River.

IN THE WATER OVER A WEEK

Condition of the Remains Makes Positive Identification Difficult If Not Impossible—The Man's Height, Weight and General Appearance Tally With That of the Supposed Slayer of Elsie Sigel.

New York, July 2.—Although complete identification is impossible, there appears to be a strong probability that the body of a Chinaman which was found floating in the Hudson river in the upper part of the city was that of Leon Ling or William L. Leon, the murderer of Elsie Sigel. The man's height, weight and general appearance tally with that of Leon Ling, but as the body was nude except for a silk undershirt and had been in the water for more than a week, a thorough examination will be necessary. Coronor McDonald, who was the first to inspect the body, believes it is Leon, as do a number of policemen, but until measurements and facial characteristics are carefully gone over the identification will remain in doubt.

If it is Leon, the cause of his death will be another mystery, although one theory, that of suicide, would appear reasonable.

The body was discovered by Clinton W. Bell, a resident of Harlem, who was out in the river in a motor boat with a young woman. Bell secured the body, then communicated with the police. Officers were immediately dispatched to the scene and the body was taken to a morgue in the Bronx, where the examination was begun.

In salient features there was a marked resemblance between the dead Chinaman and the official descriptions of the missing Leon Ling.

The teeth were good, as were Leon's, the height about five feet four inches, which was Leon's height, and the weight about 125 pounds, which was about the figure at which Leon tipped the scales when he disappeared. The age of the dead man appeared to be about 25 or 30 years. Leon's age was given out by the police as 30.

The right arm of the body was greatly discolored, but whether from violence or from the effects of the water could not be ascertained. The fact that the clothes were missing makes identification more difficult.

GENERAL BINGHAM OUSTED

New York Police Commissioner Removed by the Mayor.

New York, July 2.—One of the most drastic upheavals in New York city's police history occurred when Mayor McClellan summarily removed Commissioner Theodore A. Bingham for insubordination after the latter's refusal to comply with certain revolutionary orders issued by the mayor Wednesday. The mayor's orders came at the conclusion of his investigation into the alleged persecution by the police of George B. Duffy, an inconspicuous and almost friendless Brooklyn lad, who it was averred was repeatedly arrested without just cause and whose photograph was retained in the rogues' gallery despite the failure of the police to obtain a conviction against him. The mayor held that at least two of General Bingham's lieutenants were guilty of misconduct in this affair and accordingly he demanded their removal.

With General Bingham's retirement went several of his closest advisers and the leading supporters of his regime. As the head of the new regime, the mayor at once appointed William F. Baker, hitherto a deputy commissioner, who indicates that a considerable change in the policy of the department was to be expected.

"The law will hereafter be enforced," he declared, "with reference to the fact that New York is a cosmopolitan city with a cosmopolitan population."

General Bingham and his friends were outspoken in their declaration that the principal reasons for the mayor's act were political, and that the commissioner's independence of the politicians had resulted in his removal only a few months before the important municipal election of the autumn.

Tie for Higgins Trophy.

Chicago, July 2.—The Midlothian Country club of this city and the Los Angeles (Cal.) Country club tied for first place with a score of 6 down on par in the Western Women's Golf associations' competition for the Higgins trophy, according to the unofficial report.

HARVARD VICTOR IN A GREAT RACE

Crimson Oarsmen Lower the Colors of Yale.

WIN BY SIX BOAT LENGTHS

Annual Varsity Boat Race on the Thames Witnessed by an Enormous Crowd of People—Harvard Led From the Start and Was Never Headed by the Rival Boat—Yale Makes Gallant Spur in Vain.

New London, Conn., July 2.—In a grand exhibition of rowing by a crew remarkable for its physical power and endurance, Harvard defeated Yale in their annual varsity boat race on the Thames. The Crimson's crew led from the start and won by six lengths. Harvard's time was 21:50, Yale's 22:10. By this victory Harvard won her second consecutive boat race from Yale in twenty-eight years. Not since 1880 and 1881 had Harvard won two consecutive races from Yale. Since 1855 Harvard has won five varsity races from Yale, including the latest, namely, in 1891, 1899, 1906 and 1908. Since Wray has been coaching at Cambridge, Yale and Harvard have met three times and the Crimson has won two races.

The greatest crowd that has ever assembled here on the Thames poured into New London to witness the race. Harvard's growing confidence in her boating system brought double and quadruple the number that usually follow the Crimson to the Thames, while Yale's determination to win back her glory on the river brought

suspicion in restraint of trade under a criminal clause of the Sherman anti-trust law, which provides as a penalty upon conviction a fine of not more than \$5,000 or imprisonment for not more than one year, or both, in the case of the individuals and a fine of not more than \$5,000 in the case of a corporation.

The individuals indicted are Washington B. Thomas, president of the American Sugar Refining company; Arthur Donner, Charles H. Sentf and John E. Parsons, all of New York; John Mayer of Morristown, N. J., and George H. Frazier of Philadelphia. All are directors of the company. The others indicted are Gustav Kassel and Thomas B. Harnett, counsel for Adolph Segal, whose plant, the Pennsylvania Sugar Refining company, was shut down by the trust and whose fight in retaliation with the testimony brought out in his suit for \$30,000,000 damages, recently settled out of court, largely furnished the basis for the government prosecution. The defendants will answer to the indictments in the United States district court on Tuesday next.

Bulky and in blanket form, the indictment contains fourteen counts, alleged conspiracy and restraint of trade.

To North Pole by Airship.

Berlin, July 2.—According to the Lokal Anziger, Count Zeppelin intends to make an effort to reach the North Pole in his airship. The emperor accepted protectorship over the undertaking after listening to a report on the subject at Kiel by Professor Hergesell of the University of Strasburg.

Bulky and in blanket form, the indictment contains fourteen counts, alleged conspiracy and restraint of trade.

It must be admitted frankly that Columbia does not look good today to the rowing expert. There have been too many changes in the crew to develop the best there is in the men. In Cornell's favor are the splendid

way in which the men have been rowing together in practice and the long list of carnelian and white victories. This year's crew is light, however, and doubts are expressed that the men can stand the strain.

Pennsylvania has not won a race here since 1900, when the first of the intercollegiate races was rowed, and she does not seem due for another victory.

Summing up the opinions of the experts it looks like Syracuse's race, with Wisconsin a strong contender and Cornell a possible winner. Victory by either Columbia or Pennsylvania would be the intercollegiate surprise of the season.

DR. CLEMINSON IS INDICTED

Chicago Physician Accused of Wife Murder.

Chicago, July 2.—An indictment charging murder was returned by the grand jury here against Dr. Haldane Cleminson. Experts who analyzed Mrs. Cleminson's stomach reported to the jury that death had been due to chloroform.

When Dr. Cleminson was arrested immediately following his wife's death he told the police that she was chloroformed by burglars. He afterward admitted the falsity of this statement, leaving the manner of her death a mystery.

Steamer Destroyed by Fire.

Stockton, Cal., July 2.—The steamer Isleton of the California Transportation company, valued at \$100,000, burned to the water's edge at her dock here. The entire cargo had been removed before the fire started.

CAPTAIN CUTLER.

A record-breaking Yale crowd. The railroads could not furnish enough cars to accommodate all the people who fought and struggled for seats on the observation stands. It was estimated that at least 40,000 persons witnessed the spectacle from trains and every other kind of vehicle and from a flotilla of the finest floating craft that graces American waters.

Although Harvard won by a handsome margin and administered a crushing defeat to Yale, the race was nevertheless a contest right up to the last half mile. All the way up the river the two eights rowed with almost equal precision and a slip of any kind in either shell would have turned the victory into defeat within a few seconds. But there was no break in the Harvard boat. Rowing all the way two strokes and sometimes three strokes to the minute more than Yale, the Crimson eight crept away from the Blue little by little. For two and a half miles Yale kept within a scant boat's length of her rival. Then Harvard put on her power and increased her lead first to three lengths, then to four lengths, and finally to six lengths. Yale sputtered with her old-time determination, but it was in vain.

Two Harvard crews, the varsity four and the freshmen eight, won the morning races from Yale on the Thames, in both the superiority of the winners being decidedly marked.

CHARGED WITH CONSPIRACY

Officials of American Sugar Refining Company Indicted.

New York, July 2.—Through twelve men impanelled as a federal grand jury, the United States government laid the ground work for another gigantic anti-trust suit in the indictment of the American Sugar Refining company as a corporation, six of its directors and two prominent lawyers.

The defendant company and the individuals were charged with con-

"MICHAEL'S"

CREWS ARE READY FOR THE CONTEST

Intercollegiate Race to Occur at Poughkeepsie, N. Y.

Poughkeepsie, N. Y., July 2.—Just before the big five-cornered intercollegiate rowing race between Syracuse, Cornell, Columbia, Wisconsin and Pennsylvania the question uppermost in the minds of the crowds seems to be, "Can Syracuse repeat her winning performance of last year?" According to the Syracuse students, who have gathered here in large numbers to see their men row, there isn't the least doubt about their ability to do so.

Probably the "dark horse" in today's race is Wisconsin, always considered a formidable contender for intercollegiate honors in rowing, despite the fact that it has never come out better than second. The Western college has a large undergraduate body to draw upon—this year there are over 5,000 students enrolled at Madison—and Ten Eyck brought here a squad of twenty-five husky, able-looking oarsmen, who have been rowing well together and have shown signs of individual skill and strength.

It must be admitted frankly that Columbia does not look good today to the rowing expert. There have been too many changes in the crew to develop the best there is in the men. In Cornell's favor are the splendid

WICHITA FALLS, TEXAS

FRIDAY, JULY 2, 1909.

THE senatorial boom of Frank Kellogg does not seem to be booming.

THIS is the soft drink man's harvest time, and even the dispenser of the fluid that foams has no kick coming.

JUNE was a month of weddings in Minneapolis, nearly 500 marriage licenses have been granted in that city.

THE Todd County Argus editor writes of things that happen while he lies in a hammock. This newspaper life is one long dream.

LITTLE FALLS will have their automobile race on the 5th regardless of the nervous citizens who protest that it is dangerous.

A HORSE demolished the front end of an auto at St. Cloud. We have been expecting the horse to jump onto the automobile for some time.

WHAT constitutes an independent newspaper is still a matter of discussion. The conscience of some of the brethren still bothers them.

EIGHT sugar men have been indicted by the federal grand jury in New York charged with violating the Sherman anti-trust law. This is what is called sweet revenge.

A CHICAGO piano concern has made Anoka a proposition to put in a piano factory at that place, the company of which is capitalized at \$400,000, if the city will donate the building and grounds.

COL. SNOW, of Little Falls, has been elected president of the State Hotel Men's Association, and the honor is worthily bestowed. The gentleman is also proprietor of one of the good hotels in northern Minnesota.

THE "pork barrel" will cut some figure in the next campaign, and prospective candidates for office are fighting shy. Country and city votes are necessary and the present controversy is bound to make the breach between the two, as far as politics are concerned, wider.

REP. KLING, of this district, is a prospective candidate for speaker of the next house of representatives, according to newspaper reports. The gentleman expects to be re-elected in 1910 and in that event sees no reason why he should not preside over that legislative body.

EVERY time Bob Dunn goes to the cities the papers claim he is laying plans to capture the nomination for governor in 1910 and charge him with having made good progress in the game. There are those who are pleased to see the interest the political writers are taking in Bob's future.

No well regulated summer resort is without its sea serpent and the country around Mille Lacs is already advertising the attraction. It was last seen at Wealthwood, and is described as having a head like man. It is a question as to whether a mermaid would not have been a better drawing card.

MNISTOTA's democratic platform is not understood by Wm. Bryan, and the idea that it can be used simply to get votes regardless of keeping faith with the people is something new to him and he does not hesitate to take a fall out of the party leaders here whenever occasion requires. The Johnson party of Minnesota does not suit him.

ONE hundred and fifteen of the big business houses of Minneapolis have signed an agreement not to employ boys under 18 years of age who use tobacco in any form. The firms of Donaldson, Thomas, Powers, New England, Palace, Plymouth, Dayton's and others are included. The crusade against the weed seems to be in earnest. Even the managers of the Seattle fair will not allow cigarette smoking on the grounds.

THE state labor bureau has issued a warning to young girls advising them not to seek work in the large cities if they can secure employment elsewhere. The Pioneer Press thinks this is a slur on the cities and the intelligence of the country girls and says that girls of character need not fear to come to St. Paul or Minneapolis. The warning issued by the labor bureau is timely and the effort of the Press to belittle the effort is as uncalled for as it is foolish.

The 4th at the Post Office

Monday, July 5th, will be observed as the National holiday in Brainerd, the 4th falling on Sunday, and in accordance the following hours will be observed at the postoffice: The general delivery and carriers windows will be open from 8 until 9 in the morning and in the afternoon immediately following the arrival and distribution of the mail from the south. There will be no delivery by carrier, either business or resident, during the day, and the rural carriers will make no delivery. No money order business will be transacted.

2 N. H. INGERSOLL, P. M.

No Paper Monday

Monday will be observed as the National holiday and there will be no issue of the Dispatch on that day. 2t

WHICH TOWNSHIP IS SMALLEST?

How Many Residents of Crow Wing Ever Heard of Township 135 Range 26?

TWO SECTIONS AND 41 ACRES

Aitkin County Has Smaller Detached Tracts but no Smaller Townships

What is the smallest congressional township in Minnesota? It would probably require a careful examination of the original plats of the U. S. government surveys to determine, but Crow Wing and Aitkin counties can each boast a very small township. The diminutive township in Crow Wing county is town 135 range 26. Though containing less than 41 acres this town which is formed by a couple of bends in the Mississippi river, it contains two sections, the two pieces of land being entirely detached from one another. The lands are described as lot 1, section 3, containing 23.10 acres, according to the government plats and lot 1, section 4, containing 17.16 acres. They are attached to township 136-26 for taxation and civil purposes.

Aitkin has Crow Wing county badly beaten in the way of small and detached tracts. A portion of the southwest of the southwest of section 31, township 44, range 27, containing about 10 or fifteen acres, is situated just east of the southeast corner of the town of Garrison, and is detached from the rest of Aitkin county by Mille Lacs. The nearest other land in Aitkin county is about five miles north. This corner however, is not all there is to that township, there being a small portion of sections six and seven of the same town formed by a curve of the shores of Mille Lacs, though separated from this by five miles of water.

Misses Kathleen and Daisy Graham went to Staples today to spend the Fourth. Irving Badeau will sing in the Unique during Miss Kathleen's absence.

GEN. BOBLETT DIED TODAY

SPECIAL TO THE DISPATCH.

New Ulm, Minn.—General Joseph Bobletter, former state treasurer, legislator, adjutant general, civil war veteran and Mayor of New Ulm, died at 7:30 this morning after a lingering illness of several months. He was identified with the early history of Minnesota and was one of the most widely known public men in the state.

city was the west terminus of the road. He had charge of the water tanks, etc., for the road and was afterwards in partnership with M. Hagberg in the grocery business, leaving Brainerd in 1883.

Louis Zakariassen has purchased the tailor shop so long run by his father, Alderman Zakariassen. He is a thorough tailor and a young man with many friends and should do a good business. He is a graduate of the Thorntquist school of cutting and has had 12 years actual experience in the tailoring business. Alderman Zakariassen will take a rest from business and devote himself to his farm in the southeast portion of the city.

Weeks repairs lawnmowers. 3076th S.

W. H. Gemmell returned today from his trip up the Minnesota & International railway, coming from Walker in his business car. The visiting bankers whom he accompanied to International Falls, returned on the night train, which was delayed near Blackduck about two hours by running into a bunch of cattle. The blowing off cock on the locomotive was broken, disabling the train so that it was necessary to send to Bemidji for another engine.

Card of Thanks.

North Star Lodge No. 197 International Association of Machinists, wishes to extend its sincere thanks to all who so kindly assisted in the recovery of the body of the late Herman Hub.

Piles

We are so certain that Itching, Bleeding and Protruding Piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

COMMENCED ON NEW RAILROAD

Contract Let to Foley Bros. and
R. A. Jacobson, Has the
Sub-Contract

CAMPS ARE BEING CONSTRUCTED

Mr. Jacobson Expects to Employ
400 to 500 Men and Finish
by Christmas

Work on the construction of the Cuyuna Range Railroad has already been commenced. The graders' camps are already being erected to accommodate a force of 400 to 500 men who will at once be set to work between Rossville, where the new railroad will cross the Northern Pacific railroad, and Moose Lake, the junction with the Soo's Brooten-Duluth line. R. A. Jacobson, of Minneapolis, who has the sub-contract under Foley Brothers, for this part of the line was in the city today on his way back from McGregor, which will be his headquarters during the work. He stated that he had already shipped his outfit and had a large crew of men at work erecting several camps. He will put at least 400 men at work at once, if he can secure them and rush the work. He states that he expects to have the entire grading contract completed by Christmas. The line is definitely located from Moose Lake to Rossville, he states, but he did not know whether or not it was all definitely located west of Rossville.

New Terminals at Bemidji

Bemidji, Minn., July 1.—The Minnesota and International railroad will spend \$30,000 improving and enlarging its terminals at this point, abandoning the present terminals in South Bemidji. W. H. Gemmell, general manager of the road, and W. H. Strachan, superintendent, with J. H. Davidson and Bert McCauley, civil engineers and assistant, were in the city this week and were looking over the ground.

AIR SHIP IS COMING

Capt. Foster and His Aeroplane will be Here with Yankee Robinson Show

You have been reading for a year about airships and aeroplanes. You have read where Wilbur Wright has sold the aeroplane rights to the armies of France, Germany and Russia. The airship now being a certainty and practicable, it was up to some up-to-date circus to carry one for this season and demonstrate it to the public. Yankee Robinson Shows, at an enormous expense, has secured the identical ship that made the circle of the Eiffel Tower in Paris and will exhibit this machine and its workings before the people who congregate in this city on the day of exhibition. This will be one of the greatest sights you have ever witnessed in your life and it may be many years before you see another equally as great. Prof. Foster, who has charge of the airship, made every portion of the ship with the exception of the engines which propel it through the air. No condition of weather will deter the Professor from making his demonstration on day of exhibition.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. H. P. Dunn. m w f

USE CEMENT AT HATCHERY

This Will be the Material for Buildings for New Deerwood Institution

Concrete instead of wood will be used in all the buildings except the superintendent's dwelling at the new fish hatchery at Deerwood. The game and fish commission had a meeting at the capitol Wednesday and agreed upon plans for the dwelling, water-pumping plant, barn, hatching house and ice house.

The board has a concrete mixer and has been using it in making hatching ponds and other buildings at the older hatcheries, and S. F. Fullerton, superintendent of the hatcheries, says that they can put up buildings cheaper of this material than of wood. They have the necessary gravel at each place and all that is necessary is the cement, and they are buying cement at \$1.05 per barrel, which is said to be cheaper than it ever has been.

The buildings at Deerwood will be completed this summer.

W. R. Ward, of Dy esburg, Tenn., writes: "This is to certify that I have used Orino Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference," H. P. Dunn. m w f

EVIDENCE IS NOW COMPLETED

Appraisers of Water Works Plant
Adjourn Until Wednesday,
July 7th

ARGUMENT TO BE MADE THEN

A. D. Polk, for the City and W.
D. Mitchell for the Company
will Sum Up

The evidence in the condemnation proceedings to acquire the plant of the Minnesota Water Works company was completed shortly after the opening of the forenoon session Thursday. The appraisers then adjourned until Wednesday, July 7th, when the arguments will be heard. The value put upon the plant by Edward P. Burch, the city's consulting engineer, was about \$28,000 exclusive of any growing value, he denying the existence of any such value. H. Harrison, of Stillwater, L. W. Rundlett, city engineer of St. Paul, and B. Williams, of Chicago, consulting engineers and experts for the company placed the physical value of the plant at from \$66,000 to over \$74,000, and gave it a growing value of between \$43,000 and \$44,000, making the total value, according to their estimate to be from \$111,000 to over \$118,000. In addition to the testimony of the engineers there has been a thorough examination of the plant and of the pipe in several places by the appraisers, and the evidence of many local men acquainted with the condition of the plant has been taken.

The arguments next week will be made by A. D. Polk, for the city and W. D. Mitchell, of St. Paul for the receiver of the company.

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." H. P. Dunn. m w f

MUSIC AND DRAMA

The Burgomaster

Pixley & Luder's famous musical comedy, "The Burgomaster," will be the strong attraction at opera house July 9. Harry Hermann, in the part of Peter Stuyvesant, will be the featured member of the cast, and there will be an especially strong acting company and also a chorus of 50. The costuming is exceptionally handsome, having been made for this production by Marshall Field of Chicago, and the production is a large one. Several changes have been made in the book, to freshen it. The sale of seats for this production will open at Dunn's drug store July 8, 10 a. m. Curtain rises at 8:30.

D. M. Clark & Co. have a new method of putting rubber tires on go-carts. 251tf

Strand-Laurel

The marriage of Alfred Strand and Mary Florence Laurel, both of Nokay Lake, was solemnized Thursday afternoon at the Methodist Episcopal parsonage at 3:30, in the presence of a group of friends. The lines of the short ring service of the Methodist Episcopal church were read by the Rev. Charles Fox Davis, and Mr. and Mrs. W. A. Laurel assisted the young couple in the pleasing ceremony. The young couple left Thursday evening for Nokay Lake, where they will make their future home and where they have resided for many years.

Hurrah for the 4th

You will want a good many things to wear the 4th and you want them to be right in style, quality and price.

We have made it a practice for years to have a complete line of summer wearables on hand at this time of the year and this year we feel we have outdone our former efforts. Our stock is complete in every way and we offer you the best assortment to choose from in the city.

Men's and Boy's Summer Suits---Many Styles

The best assortment in the city

Men's Blue Serge Suits

Single and double breasted at \$10 and \$12.50. These are all wool and fast colors.

Better kind at \$15, \$18 to \$22.50

BRAINERD, MINNESOTA

Remember and always bear in mind that this is strictly a Man's and Boy's Store. We aim to carry everything a man or boy wears and we carry an assortment of everything. This is the store that sells the good clothes and our prices are reasonable. If you need anything for the 4th, it will pay you to look us over.

Attractive Booklet

From the Passenger Department of the Northern Pacific Railway comes a very attractive booklet under the title of "Minnesota Lakes." The cover is of a rich buff shade with title in red and black lettering. The central design, in four colors, shows a young man and maiden enjoying the pleasure of a birch bark canoe on the placid surface of a lake. The inside of the book is pleasantly executed in a soft sepia tone, and the illustrations, of which there is at least one to every page, are most excellent. One cannot read the book without being thoroughly impressed with the fact that the so-called "Lake Park Region" of Minnesota is a very enjoyable section for a summer outing. Copies of the book may be obtained upon application to A. M. Cleland, General Passenger Agent Northern Pacific Ry., St. Paul.

Alleged Thief Arrested.

New York, July 2.—Max Walk, alleged to be the chief of the band accused of stealing \$200,000 worth of goods from the Adams Express company within the past three years, was arrested at New Rochelle, N. Y. Five other men charged with participation in the thefts are awaiting trial.

TWO DEAD AND FOUR DYING

Result of Childish Prank in Celebrating Dominion Day.

Yarmouth, N. S., July 2.—Two boys are dead and four more may die as the result of childish prank in celebrating Dominion day at Shag Harbor. Children who were playing with a lighted candle on the station platform of the Halifax and Southwestern railroad attempted to make a bonfire of a cask of gasoline. With a terrific roar the cask exploded. The head of one child was blown off. Another was burned to death before aid arrived. Four others were so badly injured that they may die.

DR. ELIOT'S BOOK LIST.

Some Selections He Has Made For His Five Foot Library.

Dr. Charles W. Eliot, ex-president of Harvard, recently made public the selection of a large part of the book which will make up the "Harvard classics" to carry out his idea of choosing from the best literature of the world a five foot shelf of books intended exclusively for English speaking people. Of this selection he says:

"It is my belief that the faithful and considerate reading of these books, with such rereadings and memorizing as individual taste may prescribe, will give any man the essentials of a liberal education even if he can devote to them only fifteen minutes a day."

The selections, so far as they have been made, are:

Autobiography of Benjamin Franklin. "Journal of John Woodman." "Fruits of Solitude," by William Penn. Bacon's Essays and "The New Atlantis."

Milton's "Areopagitica" and "Tractate on Education."

Sir Thomas Browne's "Religio Medicis." Plato's "Apology," "Phaedo" and "Crito." Golden Sayings of Epictetus. Meditations of Marcus Aurelius.

Emerson's Essays. Emerson's "English Traits."

The Complete Poems of Milton.

Johnson's "Volpone."

Beaumont and Fletcher's "The Maid's

Tragedy."

Webster's "Duchess of Malfi."

Middleton's "The Changeling."

Dryden's "All For Love."

Shelley's "Cenci."

Browning's "Blot in the Scutcheon."

Tennyson's "Becket."

Goethe's "Faust."

Mariote's "Dr. Faustus."

Adam Smith's "Wealth of Nations."

Letters of Cicero and Pliny.

Bunyan's "Pilgrim's Progress."

Burns' "Tam o' Shanter."

Walton's "Compleat Angler."

Lives of Donne and Herbert.

Autobiography of St. Augustine.

Puritan's "Lives."

Dryden's "Æsopus."

"Canterbury Tales," Chaucer.

"Imitation of Christ," Thomas à Kempis.

Dante's "Divine Comedy."

Darwin's "Origin of Species."

"Arabian Nights."

Will Cure Consumption

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. H. F. Dunn. m w f

OPPOSED BY ONE SENATOR

Agreement to Vote on Income Tax Amendment

BULKELEY PREVENTS COMPACT

Connecticut Senator Adverse to Having Vote Taken on Tuesday Next, Because He Will Not Be in Washington a: That Time—Some of His Constituents Are Strongly Opposed to the Corporation Tax Measure.

Washington, July 2.—The senate "came within one" of agreeing to vote next Tuesday on the entire income tax amendment to the tariff bill, including the corporation tax substitute. The compact was prevented by the objection of Senator Bulkeley, and his opposition aroused no little feeling.

The proposition took the form of a request from Senator Flint, who in the absence of Senator Aldrich is in charge of the tariff bill, for unanimous consent to vote on the Bailey-Cummins income tax amendment and all of the amendments to the amendment at 12 o'clock next Tuesday, with the understanding that the senators should remain in session until all these questions should be disposed of. The suggestion created a general flurry in the senate. There was the usual animated gathering in the center aisle. A number of senators asked to be heard, and the proceedings for a brief time took on the appearance of a general conversation at a sewing bee. One senator after another expressed his consent to the proposition until for a few moments it looked as if all objections would be brushed away and all factions satisfied.

Just as the vice president was stating the agreement about the third time, Mr. Bulkeley loomed up and proceeded to say that he could not agree that the vote should be taken at the time specified. He did not then give his reasons, as he was immediately beset by a dozen or more senators in the hope of prevailing upon him to desist from his opposition.

Not His Real Reason.

It turned out that while he was opposed to the corporation tax amendment, this was not his real reason, but that he expected to be absent from the city next Tuesday and did not want the vote recorded while he was away. It seems that some of Mr. Bulkeley's constituents are very strongly opposed to the corporation provision and sharing in their feeling he desires to make as strong a fight as possible against it. He therefore desires to be on hand up to the last moment, and in view of the fact that he expects to be in Connecticut with the president next Tuesday he found it quite impossible to give his attention to the amendment on that date. He did not, therefore, change his mind, but when the senate adjourned many of the Connecticut senator's colleagues were hopeful that he might be found more yielding.

It was evident when Senator Flint made his proposition that the discussion of the income tax question had been almost, if not quite, exhausted. There were several speeches for and against the measure, Mr. Borah leading off in favor of the income tax, but opposed to the corporation tax, and Mr. Root following on the other side and advocating the corporation tax, but opposing the income tax. Other speakers of the day were Senator Clapp and Senator Owen, favoring income tax, the incidental remarks by Senator Flint and others. It was evident throughout the entire day that the corporation tax question had failed to arouse as much interest in the senate as had been expected and some suggestions were heard in support of a proposition looking to the postponement of the entire income tax question, including corporation tax and inheritance tax, until next session. The fact, however, that the president is strongly urging the tax on corporations stood in the way of the acceptance of any suggestion of this kind and it was not seriously urged.

STARTLING DOUBLE CRIME

Indian Student Kills Two Prominent Men in London.

London, July 2.—A startling double assassination of a political character occurred toward the conclusion of a public gathering at the Imperial Institute. An Indian student whose name is not known shot and killed Lieutenant Colonel Sir William Hutt Curzon Wyllie and Dr. Calas Lalacaca of Shanghai.

Wyllie, who had held important Indian appointments, fell dead on the spot. Dr. Lalacaca showed signs of life after he fell and was hurried to St. George's hospital, but on arrival there it was found that he had died.

Those near the assassin seized and held him until the arrival of the police. He had two revolvers, a dagger and a knife. All were new and it is thought that the crime was pre-meditated.

Earthquake in California.

San Bernardino Cal., July 2.—A slight earthquake shock was felt here. No damage was done. The atmosphere was unusually heavy all day.

WOMAN SUFFRAGISTS MEET

Holding Their Forty-first Convention in Seattle.

Seattle, July 2.—Never before did the president of the United States, through the medium of the high priest of the anti-woman suffragists, issue a manifesto on the question of equal suffrage, until the year 1908, declared Miss Elizabeth Hauser, whose report as headquarters secretary was read by Miss Harriet Taylor Upton at the opening session of the National Woman Suffrage association here.

"Never before," the report continues, "did the newspaper interview put to every politician, writer or preacher, inventor or explorer, captain of industry, social worker, actor, prize fighter, maid, matron or widow, the burning query, 'What about votes for women?'

It is the forty-first convention of the association, which began its sessions in Plymouth church with all the general officers and many famous leaders of the movement present.

BLUE RIBBON OF THE SEAS

Sir Thomas Lipton Willing to Challenge for the America's Cup.

Glasgow, July 2.—Sir Thomas Lipton has renewed communications with the Royal Ulster Yacht club and has informed the club that he is willing to challenge for the America's cup immediately under conditions indicated by him in a recent interview. On that occasion he said:

"I am willing to give the Americans the advantage of their own universal rule under which they have had experience in building and sailing and I am ready to challenge under this rule."

Sir Thomas now declares that he is ready to race under any modern rules and will allow the New York Yacht club the choice of a rule, European or American, with a boat of any size the defenders may prefer.

Mayor Busse May Recover.

Chicago, July 2.—Mayor Fred A. Busse, who is in a serious condition at Mercy hospital as the result of an operation for appendicitis, has held his strength fairly well. It is the opinion of his physicians that he has a good chance of recovering.

Five Deaths From Heat.

Philadelphia, July 2.—Five deaths were reported as being due to the heat, and prostrations occurred in all parts of the city. The maximum temperature for the day was 92.
